ABOUT US

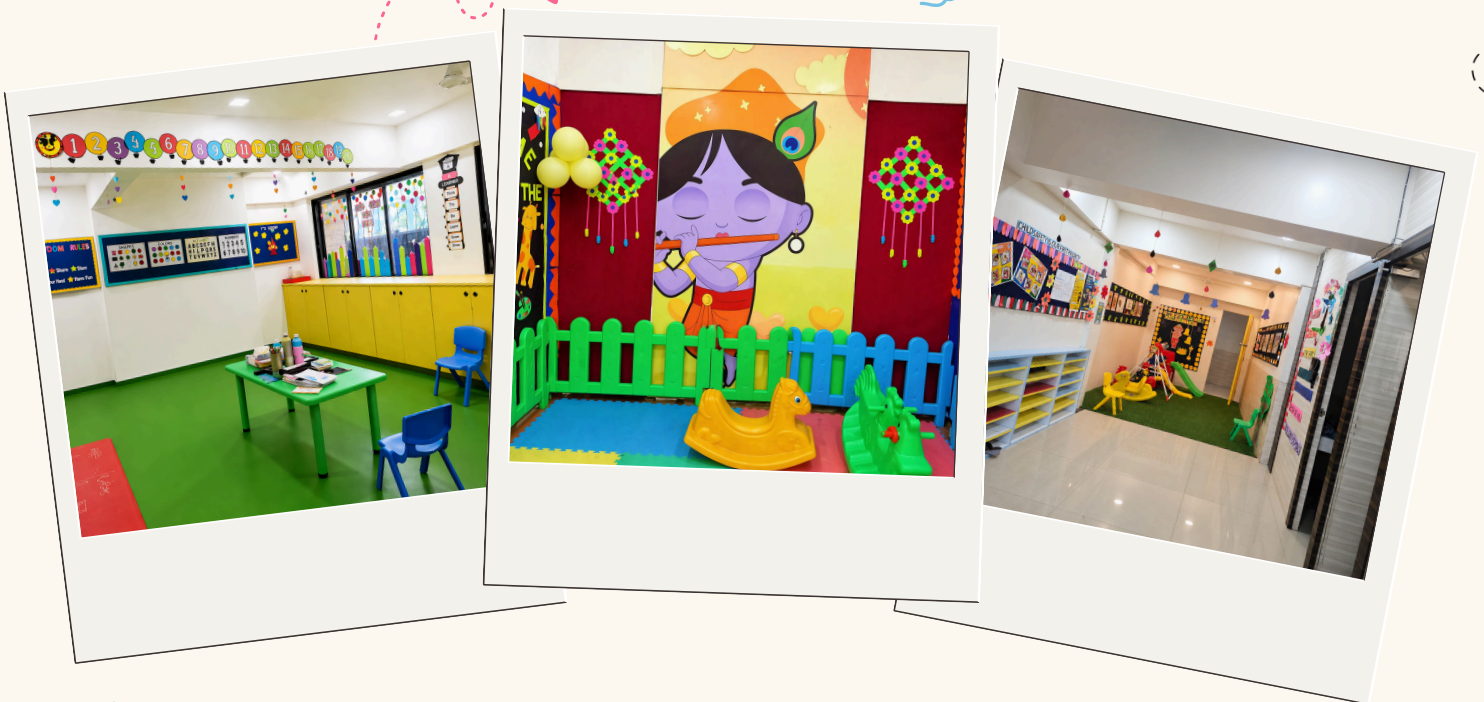

SANDIPANI PRESCHOOL Growth Story

Sandipani Preschool began its journey in **2013** with its first branch, built on a strong foundation of quality early education and operational excellence. Over the years, this branch has continued to perform successfully, reflecting the strength and sustainability of our model.

With a deep understanding of preschool operations and consistent results, we gradually expanded our presence. Today, Sandipani Preschool has grown to **11 successfully running branches across Mumbai, Thane, and Palghar.**

Our growth has been **steady, practical, and experience-driven** not just expansion in numbers, but in maintaining quality, systems, and parent's trust at every location. This journey demonstrates a proven and scalable **business model**, making Sandipani Preschool a reliable and rewarding franchise opportunity, achieving an average of 100+ students per branch year on year.

FRANCHISE

SUPPORT PROGRAM

TRI-NEETI CURRICULUM APPROACH

The Tri-Neeti Curriculum is designed to provide a balanced, child-centric learning framework that ensures holistic development across emotional, physical, intellectual, creative, and social domains, nurturing confident and independent learners.

Curriculum Framework

Meta-Cognitive Learning

Develops independent learning through planning, monitoring, and self-reflection, building confidence and self-awareness.

Social Learning

Enhances emotional growth, empathy, social awareness, and communication skills for positive interactions.

Cognitive Learning

Strengthens intellectual skills including reasoning, memory, critical thinking, and problem-solving for effective concept understanding.

BRAIN BASKET

Power Of Playful Learning

GAMES & TOYS

The **key differentiator** that sets us apart from regular preschool.

What Is Brain Basket?

Brain Basket is a thoughtfully designed game box integrated into every student's school kit and classroom curriculum for all ongoing students. Through play-based, hands-on activities, it helps student easily understand, retain and apply concepts in real life.

Learning Through Brain Basket

A carefully designed, tool-based learning system that enables gamified exclusively experiential learning – helping Sandipani preschool student build strong foundational skills in a joyful and engaging way.

Gamified Learning Approach

Our structured tools transform learning into an interactive experience, making education fun, engaging, and meaningful for every child.

Focus On Intelligence Quotient (IQ)

Our methodology is designed to strengthen core cognitive abilities such as thinking, reasoning, memory, and problem-solving through structured, tool-based learning.

OUR SPECIALISED PROGRAMS

At **Sandipani Preschool**, we extend learning beyond classroom hours through our **structured after-school programs**, designed to strengthen core academic skills and build confidence in children.

Enhanced academic excellence with specialised programs like Phonic Master, Grammar Master & Mindful Math

PHONIC MASTER

**PHONIC IMPROVES
